MVR Pulls

An initial MVR baseline will be pulled for all drivers within the first month of MVR Monitoring. Afterward, MVRs will be pulled only for drivers with new activities (new violations, suspensions, accidents).

MVR Coverage

For state specifics and requirements see [here](#).

Terms and conditions

- Month to Month with a 60-day cancellation Clause.
- No hidden fees. Fully inclusive program.

Based on a sample of 100 OHIO drivers		Details
MVR Baseline (\$2.00 + state fee)	\$700	OH State Fee: \$5.00
Monthly Monitoring Fee \$1.75/per driver/month	\$175	This is your only set monthly fee + new negative MVR changes.
New negative activities at 7% of total drivers. This triggers an MVR to be pulled (\$2.00 + state fee)	\$49.00	This is just an estimate that about 7% of your drivers will have negative license activity throughout the year. You would be billed the MVR fee in the month that the negative license activity took place
One-Time Set Up Fee	\$500.00	This is our onboarding fee and includes lifetime training and support and unlimited account setup.
Optional Training Lessons	\$10.00	You can also assign training in the system at \$10 each or unlimited courses for a monthly fee per driver.
TOTAL INITIAL INVESTMENT	\$1,375	

We are excited to work with you! Here are the next steps:

- Once you approve our sales proposal we'll email you the agreement via HelloSign.
- We'll ask you to complete a driver file with your employee information.
- You'll be assigned a customer success specialist who will help you to set up your account and walk you through the onboarding process.

The screenshot displays a user interface with a blue background and a dotted map of the United States. Two white callout boxes are overlaid on the map. The first box, labeled with a red '1', features a profile picture of a man and the text 'Spot changes in driving records' with a sub-note 'MVR Activity: License Suspension'. The second box features a profile picture of a woman and the text 'Automate MVR Checks + Scoring' with a sub-note 'Score: WARNING'.

"Happy Customer"

"Embark Connect allows us to capture driving issues, set an annual schedule, and comply with DOT medical certificates. This system is our go-to for everything and many of our other reports spin-off from this system".
