

Reduce your company risk with MVR Monitoring

Drivers with a history of negative driving records put your company at risk and increase the likelihood of vehicle accidents.

MVR Monitoring Features

MVR Monitoring sends alerts anytime there's a negative change in your employees' driving records, reducing risk in between MVR pulls.

- Real-Time Notifications
- Nationwide MVR Coverage
- MVR Driver Scoring
- File Manager & Reminders
- Devoted Success Manager
- Online Fleet Driver Training

Why Monitor Your Employees' Driving Records?

- ✓ Risk mitigation and brand protection.
- ✓ Eliminate the guesswork from manual MVR checks.
- ✓ Identify those who shouldn't be driving.
- ✓ Reduce vehicle accidents and employer liabilities.
- ✓ Save time, money and surprises.
