Driver MVR Score

	Clear
	Suspended
	Warning
	High Risk

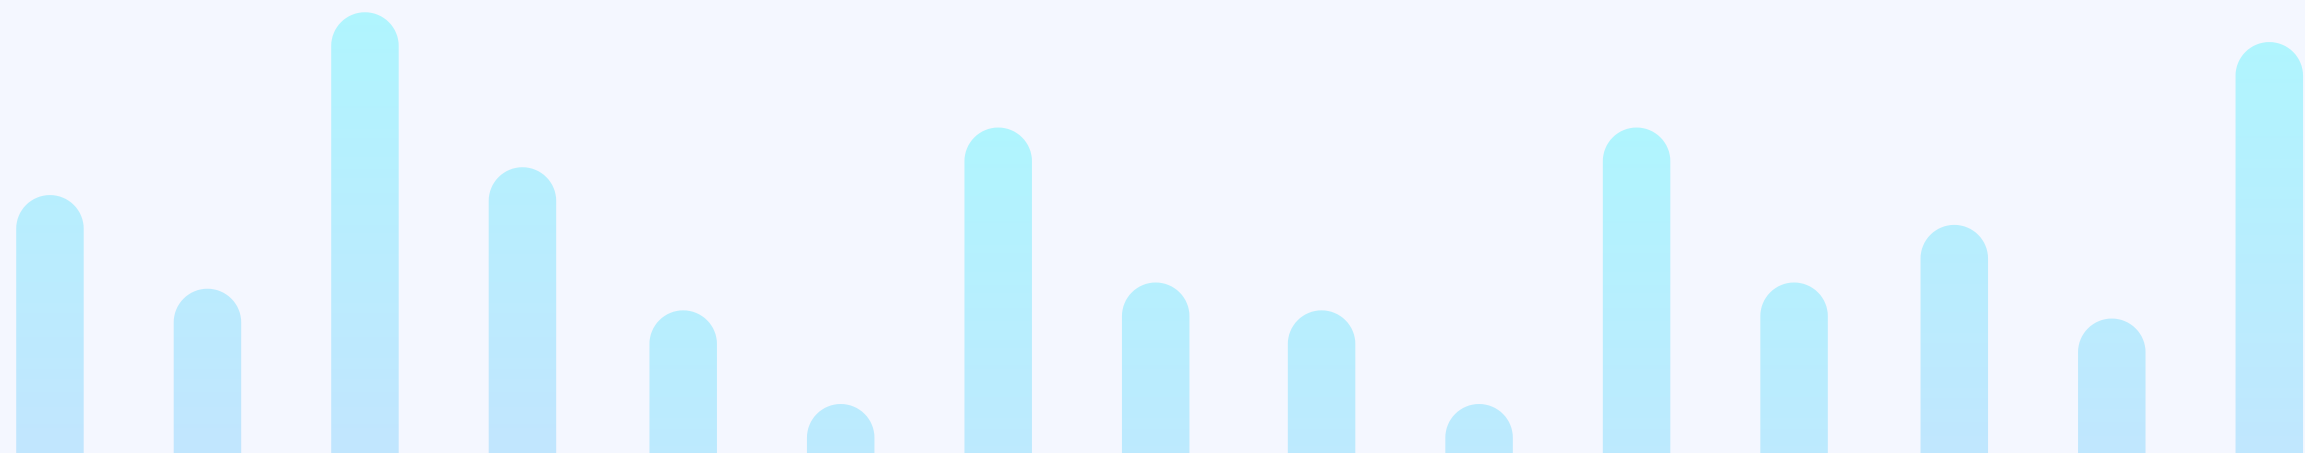

Are you managing driver risk — or just responding to it?

Reactive safety puts your drivers, your assets, and your company's reputation on the line.

Drivers with suspended licenses are **14 times** more likely to be in an accident.

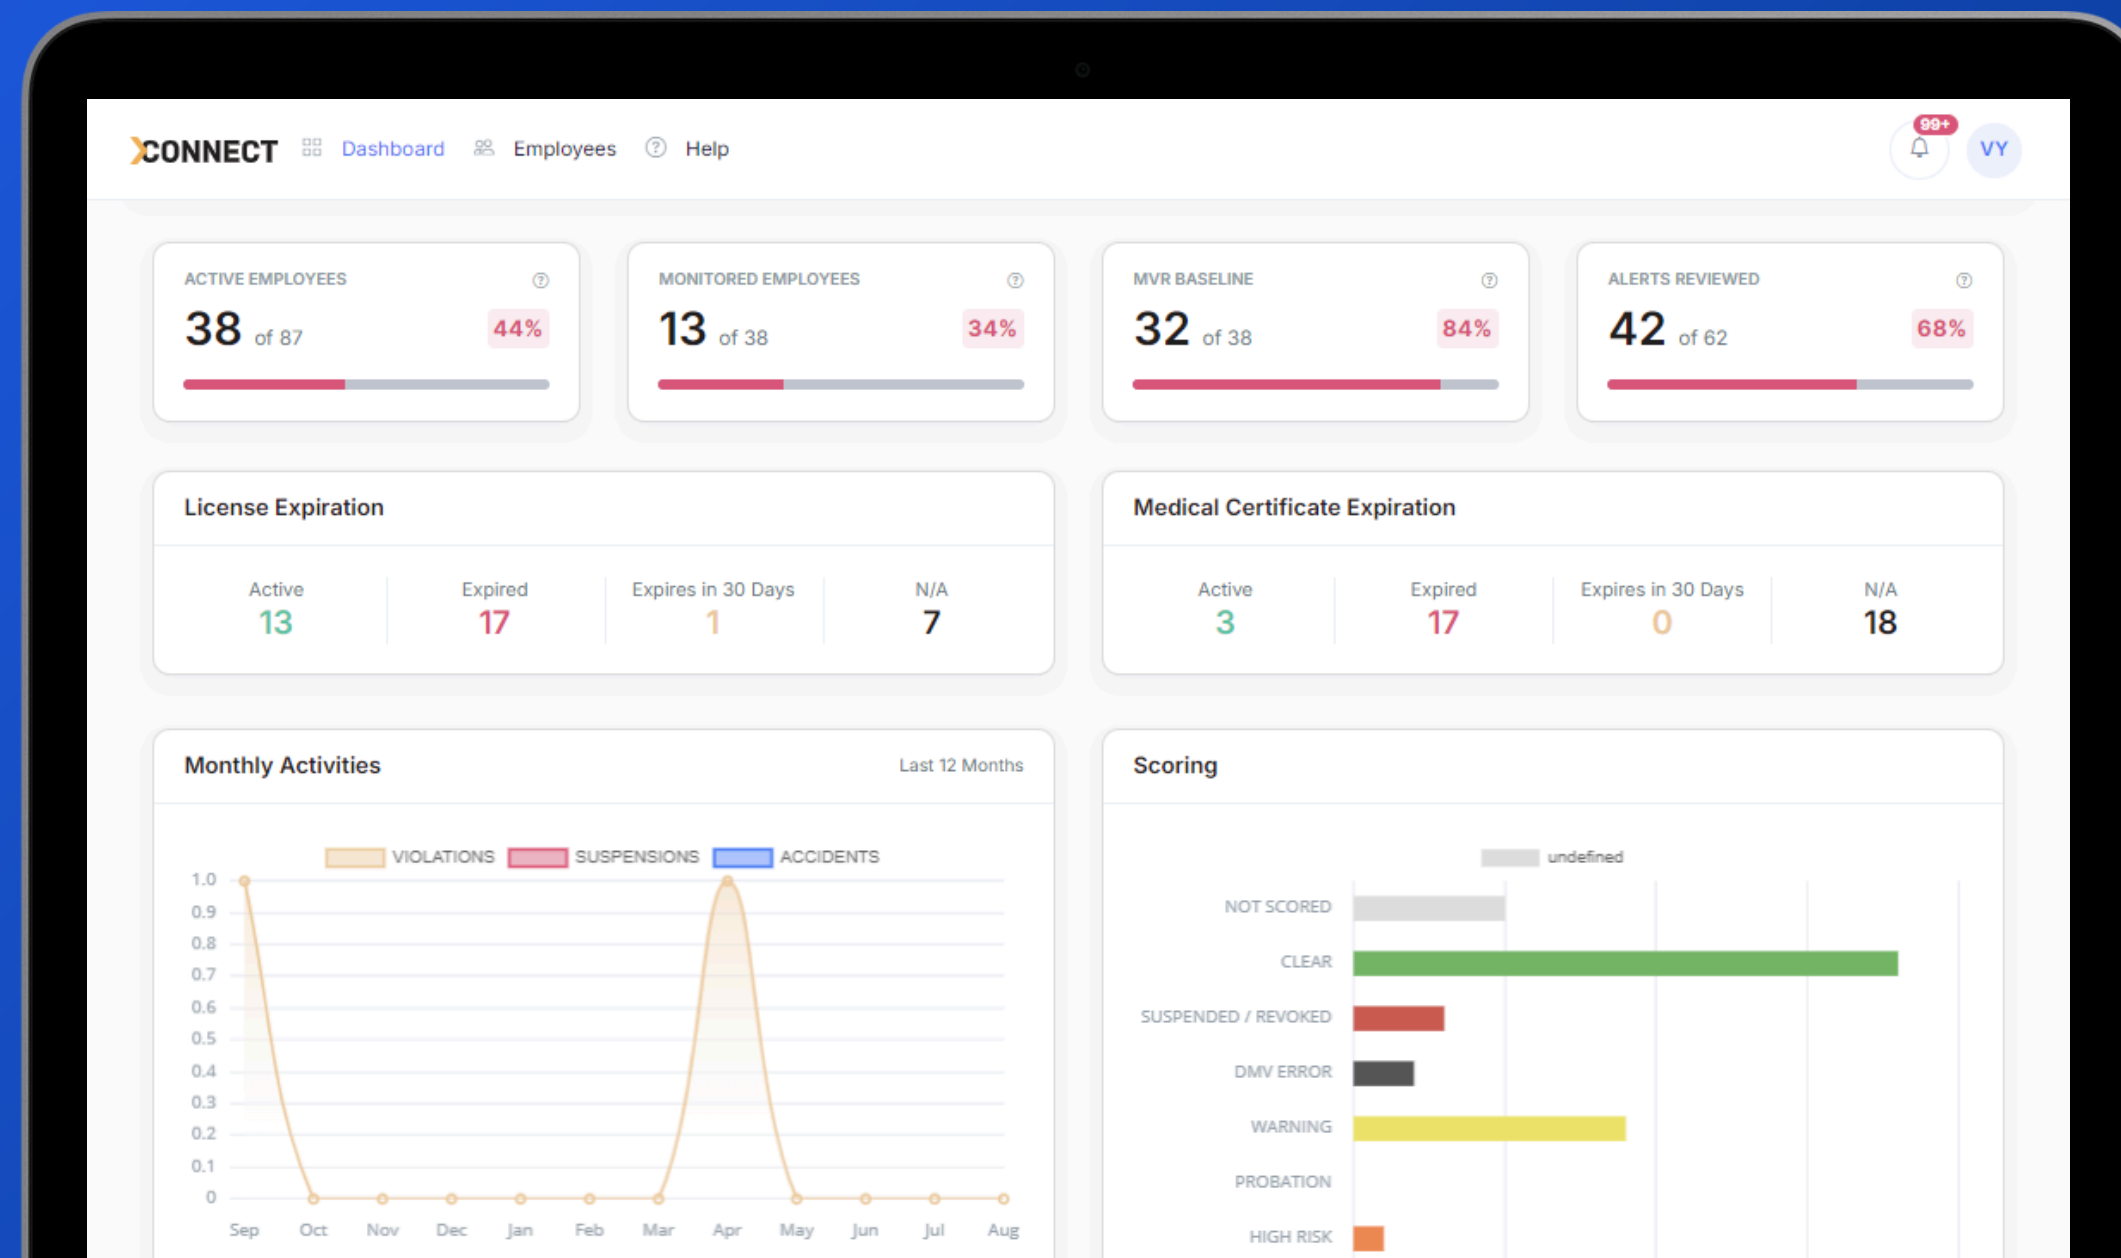

Poor driving records and unsafe behavior are the **leading causes** of accident liabilities.

Nearly 1 in 4 nuclear verdicts comes from vehicle crashes, with awards soaring up to **\$1 billion**.

Embark Safety solutions are built to turn reactive safety into proactive protection.

Simple tools for smarter safety and compliance.

Know as Driving Records Change

MVR Monitoring removes the guesswork by continuously tracking MVRs and providing near real-time alerts of new driver violations and license changes, allowing you to mitigate risk and respond quickly.

Identify Risky Behavior

Automatically get your MVRs scored based on risk level.

Receive MVR Alerts

Get notified of new violations, suspensions, DUIs and more.

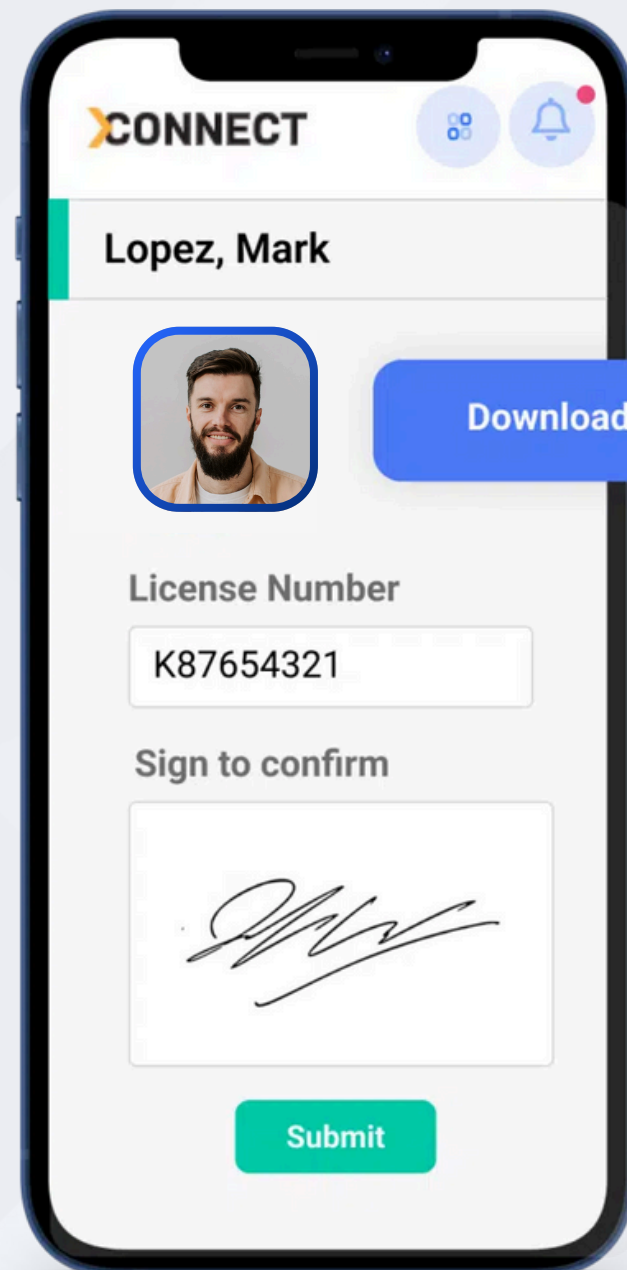

Track Expirations

Receive reminders for upcoming licenses and medical cert renewals.

Get the Full Picture

Access a centralized dashboard with MVR insights across your fleet.

Digitize MVR Authorization & Speed up Onboarding

Reduce paperwork and maintain full compliance with digital authorization tracking.

Simplify the driver record review. Easily send and receive MVR employee authorizations from any device or location.

- Customizable forms
- FCRA & BCFP Compliant
- Signature tracking
- Automatic archiving

Simplify Driver File Management

The DQ File Manager makes it simple to upload, organize, and monitor driver documents, while automated reminders ensure nothing slips through the cracks.

Expiration Tracking

Receive reminders for upcoming renewals—CDLs, medical certificates, drug test, and more.

Digital Recordkeeping

Eliminate paper files with secure electronic storage and instant access during audits.

Streamlined Compliance

Ensure FMCSA compliance through organized document checklists and automated validation.

Correct Risky Driving Behavior

Fleet Driver Training works in hand with our MVR Monitoring system. When a new violation or infraction occurs, you'll receive an instant alert—allowing you to respond quickly by assigning targeted lessons to address the specific risky behavior.

- Available for new hires, ongoing, and corrective training
- 200+ lessons covering defensive driving, DOT compliance, and more.
- Completion certificates for compliance and tracking
- Accessible in different languages

Take Control of Your CSA Scores

Simplify compliance with automated alerts, real-time reports, and dashboards that show how inspections, violations, and crashes impact your CSA scores and risk profile.

- ✓ **Connect Your DOT Number**
- ✓ **Monitor your FMCSA data and get alerted on new inspections, violations, and crashes**
- ✓ **Review easy- to- read reports, identify risky trends and take control of your safety scores**

Get a full picture of your CDL driver's history

PSP Report

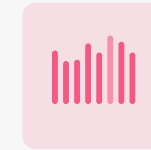

Report offers a detailed record of a driver's FMCSA-reported crash and roadside inspection history to help employers evaluate safety performance prior to hiring.

CDLIS Report

Report tracks where a driver holds a CDL, helping prevent multiple licenses and ensuring compliance with federal regulations.
